

Report XII

Volume 2008

December 10, 2008

C-NESTTM MARKETING

The company is aggressively seeking out opportunities in the western region of North America and newly added to our marketing efforts British Columbia Canada. The company anticipates work in 2009 from its efforts. "A job in the near future is critical, and we feel we can achieve that milestone in 2009", says Luca Spigno the company's Marketing Manager. The company feels strongly that it will accomplish these goals in the near future. At this time, it is the utmost focus of the company's marketing resources to obtain a contract or demonstration by a third party. The company and its investors believe that the time for H-Net 6.0's market entry is nearing.

Funding:

As previously stated; the company has secured bridge financing for the balance of 2008. The company is also pleased to report its current negotiation for long term financing in 2009. A press release will follow once funding is secured.

Security & Exchange Commissions filings

The Company is in the process of preparing its 10K financials for 2008 fiscal yearend with the SEC. We anticipate filing an extension then release on the 4th of January 2009.

Again new phones/ contact:

The main phone number for the company has changed. Please call 661-750-4621 at ext. 204 for all investor related inquiries.

This number change is due to the company's decision to switch from standard phone lines to voice over IP technology.

Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995: The statements contained herein and in the Monthly Report that are not historical are forward-looking statements that are subject to risks and uncertainties that could cause actual results to differ materially from those expressed in the forward-looking statements including, but not limited to: the level of cost-effectiveness and efficiency of the Company's H-NetTM automatic meter reading products or technologies; changes in the Company's policies regarding communications with shareholders and the general public; the success or failure of the Company's marketing efforts and the particular efforts to be employed; the Company's ability or inability to commercialize, sell, license or further develop its H-NetTM automatic meter reading products or technologies; and other risks detailed from time to time in the Company's periodic reports and other filings with the Securities and Exchange Commission.
