Project negotiations are on going in Managua. The pilot program and Alert system is working as advertised.

Mr. Robert Spigno is expected to travel to Costa Rica to meet officials of their public utility as well as the Company's new manufacture where H-Net™ will be built at reduced costs.

Spigno said his work is coming to a hard earned successful end and would hope to be in Costa Rica by the end of the Month.

After careful consideration Mr. Spigno has decided to put off the China project indefinitely in favor of Europe specifically Italy and Spain.
