PRODUCT PRICING

The HNET™ MeterSystem pricing includes one or more BaseStations as required at network configuration installation by others.

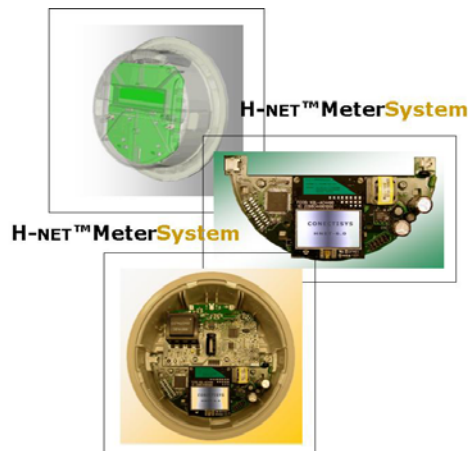

CONC MS10-LG-F1

Item	Quantity	Unit	Extended	Price
MeterSystem	100	\$495.00	\$49,500	
Configuration	1	\$2,000.00	\$2,000	
Network	1			\$51,500
MeterSystem	500	\$345.00	\$172,500	
Configuration	1	\$2,000.00	\$2,000	
Network	1			\$174,500
MeterSystem	1000	\$265.00	\$265,000	
Configuration	2	\$2,000.00	\$4,000	
Network	2			\$269,000
MeterSystem	10000	\$165.00	\$1,650,000	
Configuration	20	\$1,200.00	\$24,000	
Network	20			\$1,674,000

Features

- Integrated Landis + Gyr FOCUS Single Phase Meter
- H-NET™ 6.0 Network Protocol Compatible
- Advanced AMR solution for Residential monitoring
- Completely Integrated Radio Transceiver and Processor
- Supports Multiple Hop Layers for extended range and reliability
- Built in Flash Memory
- 900 MHz ISM band spread spectrum transceiver
- Compact high efficiency embedded antenna
- Built-in Adaptive Dynamic Power Allocation
- 15 Minute Interval Reporting via cellular BaseStation
- No Field Programming Required
